Dear Mr. Ross;

As Dr. McCleary is no longer offering the referral program and given that my letter of January 30, 2017 advised that the Executive Committee was not taking any action, I am unsure why you are requesting disclosure of any kind. There is no longer an investigation or any proceeding ongoing into Dr. McCleary's advertising.

The reference to section 36 in my letter of January 4, 2017 should have been a reference to section 38. I apologize for the typographical errors. You will see that section 38 is the confidentiality provision to which I was referring.

Thank you,
