Subject: AGM minutes from January 2018

Hi There,

I have been told today that the AGM minutes from January 2018 will not be made available to Veterinarians until they are formally approved at the next AGM meeting January 2019. Is this correct?

This seems a bit unusual, is this a new policy or has this been a standard policy over the last several years?

Hello Michelle,

Yes, this is correct. This has been the process for many, many years.

Hi Beth,

Thanks for the confirmation. I understand the procedure and am requesting a draft copy if possible?
